

## Primary Infection Prevention Track Two: Prevention for All Health Care Settings and Long-Term Care and Assisted Living Facilities

### Details

Thursday, March 30, 2023, 8AM to 5PM, and Friday, March 31, 2023, 8AM to 4PM, at Methodist Women's Hospital Medical Office Building (MOB) 717 N 190th Plaza, Elkhorn, NE 68022

The Nebraska Infection Control Network (NICN) Primary Infection Prevention course offers a combination of lectures, discussions, and educational activities on the prevention and control of infections in various health care settings. The first day will focus on infection and prevention for all health care settings. Day two will focus on long-term care and assisted living facilities. Learners who attend the full course (two days) have the option to obtain a Long-Term Care certificate of knowledge validation by taking a written post-test after the training. This certificate is issued by NICN in collaboration with Nebraska ICAP and Nebraska DHHS Epidemiology Unit, and it is valid for three years. The post-test will be administered at the conclusion of the Day two Long-Term Care & Assisted Living session.

#### Program Objectives:

- Choose at least one new infection control method to integrate into practice
- Discuss ways to prevent and stop the transmission of infection
