

Occupational Medicine Journal Club

- Academics
- Physicians
- Nurses
- Safety Professionals
- Industrial Hygienists
- Epidemiologists
- Graduate Students
- Other Public Health Professionals and Guests are welcome

Session Educational Goals:

1. Discuss the predictors of on-duty injury among male career firefighters
2. Describe the role of obesity on the association between sleep and on-duty injury among male career firefighters

CME: CME pending accreditation.

CEUs: 0.1 Continuing Education Units will be issued to public health professionals in attendance.

This event was made possible by the Southwest Center for Occupational and Environmental Health (SWCOEH), through award no. T42OH008421 from the National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control & Prevention and through the generous donations of Journal Club hosts.
